January - 8, 1926.

Dear Mr. Robinson; -

I'm writing you just a note, asking you if you will be home at seven o'clock in the evening January 14th. I expect to be married, and wish you to make me the happy bride I'm planning to be -

Could you kindly drop me a line letting me know if the time is not arranged suitable for you. We can make it a very little earlier if it would be better -

Trusting to hear from you very soon -

Wishing you & Mrs Robinson the happiest New years ever -

as ever - Rita Vandenburg.

ORGAN RECITALS

July 18th.

Dear Dr. Robbie:-

Your letter with the enclosed hand bill of the recital and the request to telephone Mrs. Robbie of the time of our arrival did not reach us intil we got home last night. Our University sub-station is somewhat of a joke to us as we think that it delays all of our mail at least 12 hours. We always take a letter down town if we wish to have it hurried.

We had an uneventful trip home yesterday with the exception of going on the theory of trying any thing once we took the road through Cazenovia and it certainly was %%_&'()*****"##@@3311ZZZZZZZZZZZZXXXX.

All day yesterday we talked of the very lovely visit we had with you and Mrs. Robbie and the fine audience you gave us for the recital. It was so nice to be with you in your lovely home and we felt so much at home ourselves. Our very best love to you both.

Cordially,

Harry Vib

July 6th.

My Dear Dr. Robbie:-

Your letter of the 3rd. just came to me this morning, Thursday, July 16th. will be fine for me; I am sending you herewith a program which I shall play; if there is anything on it that you dont want or if there is anything else that you do want let me know and I shall be glad to substitute.

If you do not care to have printed programs I have been doing quite a little work in oral annotations and would be glad to announce the numbers as I play; I find that it establishes a sort of intimacy between the organist and his listeners. But if you prefer it otherwise it will be o.k.

Am sorry that you are having the delay in construction but guess that they are all the same way; we were held up two months last Fall in the installation of the Crouse organ. Many times I have had to postpone recitals after they have been announced simply because the builders were late.

Mrs. Vibbard and I will be there some time in the A.M. With best wishes to you both and we shall be so glad to see you.

Cordially,

Harry Vib.

June 30th.

My Dear Dr. Robbie:-

Your letter of the 26th. just came to me this morning and I shall be very glad to come and give recital on the new organ; in regard to the date I think I can give you most any date in July as I have nothing in that month which cannot be changed. I have some correspondence in regard to some recitals at the Lake Placid Club but that I do not think will come before September unless some change there is necessary. I have a cpuple of recitals in Saco, Maine but those I am quite sure will come in August. So if you will decide which date is best for you it will be all right "by Me".

Thanks you so much for asking me to bring my little wife with me and she is very much pleased, we are driving a nice little Dodge Coupe (4 pass.) and so we will motor down. We shall be so glad to come as we can have such a good visit with you and Mrs. Robbie. Please let me know as soon as you can what you decide for some of these other affairs may come up.

My missie joins me in best love to you and yours.

Be sure and address as above for the mail at the University is an uncertainty in the Summer.

Rev. W. C. Robinson, D. D.

Our dear Pastor:-

I am sure you will be interested to know why we did not have the two youngest children baptized, Sabbath. The baby is so frightened when we take him into the Church we were sure he would cry terribly so we thought it best to wait with both children until he is over being afraid. One of us

keep him at home each Sabbath now. We were very sorry.

Sincerely

Mrs. L. D. Terry.

Dear Dr.Robinson:—

Thanks for your kind letter. Much as your very humble servant would like to do what you so graciously proffer I cannot do it. Hon. John D. (see calender) is here on the 20. I am "it" at a mass meeting on the afternoon of the 21. Then I am in Buffalo attending the State C. E. Convention on the 28.

I note your reference to the General Assembly. If we could get a few men to keep quiet for one week some differences might be settled. I think Mr. Fosdick will have his own troubles. I recall what I heard D r. William R. Taylor of Brick Church Rochester say—No indivual or church can live alone. Unless I do not understand "Harry" and his program he is alone. Why worry over him. Will discuss matters in vacation time..

Jermain Memorial Presbyterian, Watervliet wants a good preacher for Sunday morning, August 2, 1925. I am partly under obligations to preach for Walker of Lansingburgh one Sunday in August so do not care to come back twice. If you or the other Delhi preacher would care to come let me know by wire. If that is vacation I'll preach in Delhi. Jermain pays $20.00. You could drive your car here via Catskill easily in four hours. "Jim" Foreman makes it three. A preacher should not drive so fast.

Have been in Albany all day sharing the burdens of the Board of Education. $200.000 behind. A staggering indebtedness. Some of the men do not appear to getting nervous prostration over it.

Hope you can aid Whiffen. He is a fine fellow. Is Hobart and Stamford settled? A day or two would come in finely at Stamford.

Yours very truly Marvin J. Thompson
